

Empowering Senior Care with Emotional and Cognitive Support

- **Providing Tailored Emotional and Cognitive Support for Seniors**
- **No Cost to Your Facility or Seniors – Fully covered by Insurance / Grants**

WHY PARTNER WITH US ?

Partner with us to offer seniors an effective solution for reducing loneliness and cognitive decline

- **Customized Engagement:** We design personalized interactions that align with each senior’s interests and emotional needs, improving overall well-being
- **Professionally Trained Listeners:** Our team consists of Master's level Social Work professionals, trained in empathetic listening and active engagement, ensuring the highest quality of care
- **Clinically Validated Solutions:** Our services have demonstrated proven reductions in loneliness, anxiety, and depression among seniors (access clinical data on request)
- **Flexible Scheduling:** We offer full adaptability in scheduling calls, ensuring engagement at times most convenient for seniors and your staff
- **Real-Time Reporting:** Receive detailed post-call reports, keeping you and your team updated on senior' emotional well-being
- **Cost-Effective, Covered by Insurance / Grants:** Our services are fully covered by insurance or grants, eliminating any out-of-pocket expenses for your organization or senior’ families

OUR PROGRAMS

1. Emotional Support for Patients:

Weekly scheduled calls designed to enhance emotional health and reduce isolation for seniors

2. Dementia Cognitive Program:

Our clinically validated program offers cognitive stimulation and emotional check-ins, shown to slow dementia progression and improve emotional well-being

BACKED BY CLINICAL RESULTS

- Loneliness: Reduced by 0.63 points (UCLA-3 scale)
- Anxiety: Reduced by 0.78 points (GAD-2 scale)
- Depression: Reduced by 0.58 points (PHQ-2 scale)
